The Kwikset logo is displayed in a bold, italicized, white sans-serif font. The background of the entire image is a solid dark red color, overlaid with several thin, light red geometric lines that create a sense of depth and movement. These lines form various angles and shapes, some of which are partially cut off by the edges of the frame. The overall aesthetic is modern and minimalist.

Kwikset

Secure every entrance to your home with style.

A single, thin, vertical white line is positioned on the right side of the image, extending from the middle of the frame down towards the bottom. It is perfectly straight and uniform in thickness, providing a sharp contrast to the dark red background.
