Code Unlock

Mechanical Key

Card Unlock

4

Smart Technologies for Superior Home Protection

Two-Factor Authentication

Select any two unlock methods for double security assurance

Fake code

Current code

Fake code

Fictitious Code Function

Useful to remove remaining fingerprint smudges and prevent exposure of password
(Up to 20 digits)

Smart Alert System

Low battery alarm and Prank prompt.
Thoughtfully reminds users to replace batteries and alerts after 5 consecutive incorrect password attempts

Advanced Protection Function

Anti-Tesla coils attack & High Voltage Protection System

**Night Latch
Function**

**Fast Swedish FPC
Fingerprint recognition**

**PIN Code Unlock & RFID
Card Unlock**

**Mechanical Key
Unlock**

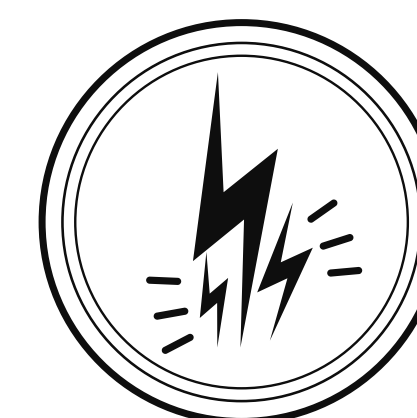

**Emergency Power
Type C Port**

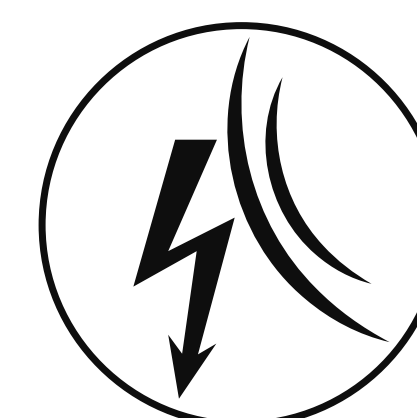

Prompt for low battery level

Alarm for several wrong attempts

Anti-Tesla coils attack

High Voltage Protection System

Material	Aluminum Alloy	Trim Size (LxWxT)	(Interior) 301mm x 38mm x 21mm (Exterior) 301mm x 38mm x 22.5mm
Access Method	Normal	Fingerprint, PIN Code, RFID Card, Mechanical Key	
	Dual Authentication	Fingerprint + Code / Fingerprint + Card / Fingerprint + Fingerprint Code + Card / Code + Code / Card + Card	

Power Supply	DC6V,4xAAA (1.5V, LR06) Alkaline batteries		
Door Thickness	35-85mm		
Mortise Lock Body	Backset : 30mm / Center to center : 85mm	Capacity of Memory	Master: 3 sets User: 197 sets (Fingerprint up to 100 sets)
Door Handling	Reversible		
Fingerprint Sensor	Capacitive sensor (FPC module)		
PIN Cod length	6-12 digits		
Fictitious Code	Up to 20 digits in total		
Card	Mifare 13.56 MHz		
Language Setting	English/ Chinese		
Doorbell	Build-in		
Night Latch	Build-in		
Emergency Power Supply	Type C port		
Alarm Function	Low battery alarm, Unauthorized access prompt		
Protection Function	Anti-Tesla coils attack & High Voltage Shock Protection System		
Finishes	Matte Black (514)
